WELCOME TO ELEVATED ABILITIES

Growing Better Together

Play-Based

Our therapy uses all children's natural strength, play! This research based approach facilitates learning, skill development and communication.

Collaborative

We believe that the best way to support a child is to include everyone that is important to them. We work with families, educators and other providers to create unified strategies.

Services

We offer Speech-Language Pathology, Occupational Therapy, Behaviour Consulting, Counselling, Respite Groups and Assessment

Individualized

We work with families to meet their unique needs by tailoring therapy to match their goals. Each child is unique and we believe in enhancing this.

We also provide direct billing to FSCD
