

face shield comparison

Have you considered what additional PPE equipment your church might need to have for your staff and volunteers as you plan and strategize your re-launch?

Glasses Type Face Shield

(Dollar Store, \$4.00)

- Shield quality is thin and with a film, not clear
- Not useful or comfortable for glasses wearer
- Shield length is short

Face Shield

(Dollar Store, \$4.00)

- Plastic headband is hard
- Elastic is tight on the head
- Not comfortable to wear long term
- Shield itself is long but too wide at the bottom

Isolation Protective Mask

(Drug Store, \$10.00)

- Lies flat for easy storage
- Easy to clean and wipe down
- Shield portion is thin
- Elastic band might stretch under long term use

Molded Face Shield

(BBW Axiom, \$11 - \$15 depending on order size)

- Made in Aurora, Ontario
- Optically clear
- Withstand heat in a commercial kitchen (850F).
- Can be washed and sanitized with mild soap and water
- Medical Device Establishment License
- Good for long-term reuse
